<p>The 2013 Vin de Pays d'Oc is almost a spitting image of the 2012, only lighter in weight and length. Cassis, sweet blackberry, licorice and floral notes all flow nicely to a medium to full-bodied, elegant and seamless style on the palate. Drink it on release and over the following 4-6 years.</p>

<p>A cellar selection that's made from a mix of Merlot and Grenache, the 2012 Vin de Pays d'Oc comes from marble-strew soils and was aged 18 months in small barrels before bottling. Tasking like a high quality Pomerol, it has a sexy, pure, full-bodied feel to go with lots of plum, caramelized cherry, tobacco and wild herbs-like aromas and flavors. This is another awesome wine from consultant Claude Gros.</p>
